**Renewable Energy Approval  
Notice of a proposal to engage in a  
Renewable  
Energy Project  
s. 15(1)(a) Ontario Regulation 359/09**

**NOTICE OF A PROPOSAL  
by SkyPower Limited to Engage in a Renewable Energy Project**

**Project Name:** Little Creek Solar Power Project

**Project Location:** The proposed site for the project is located on the south side of Little Creek Road, in the County of Lennox and Addington. The site is part of Lot 14 & 15, Concession 4 and 5 in the geographic Township of North Fredericksburgh.

**Dated at** County of Lennox and Addington **this the 21 of May 2010.**

SkyPower Limited is planning to engage in a renewable energy project in respect of which the issuance of a renewable energy approval is required. The distribution of this notice of a proposal to engage in this renewable energy project and the project itself are subject to the provisions of the *Environmental Protection Act* Part V.0.1 and Ontario Regulation 359/09. This notice must be distributed in accordance with section 15 of the Regulation prior to an application being submitted and assessed for completeness by the Ministry of the Environment.

**Project Description:**

Pursuant to the Act and Regulation, the facility, in respect of which the project is to be engaged in, is considered to be a class 3 solar facility according to the provisions of the Environmental Protection Act. If approved, this facility would have a total maximum name plate capacity of 10 MW. The project location is described in the map below.

This project is being proposed in accordance with the requirements of the Act and Regulation. The Draft Project Description Report titled Project Description Report Little Creek Solar Power Project describes the facility as a ground-mounted solar photovoltaic generating facility. A written copy of the Draft Project Description Report is available for public inspection at [www.skypower.com](http://www.skypower.com).
